HEALTH ALERT:

FENTANYL IS KILLING TENNESSEANS!

Fentanyl is a dangerous synthetic opioid that is 50-100+ times stronger than heroin. It is being used to make counterfeit pills, laced in heroin & other street drugs.

Anyone using drugs, even casually, is at risk for Opioid Overdose death!

Avoiding drug use is the best way to protect yourself against accidental overdose death & Fentanyl exposure.

To obtain free overdose reversal kits & the potential life saving opioid reversal nasal spray Naloxone Call the Smith County Drug Prevention Office at (615) 588-1622

Medication Lock Boxes and Recovery Resource Lists are available at the
Smith County Drug Prevention Coalition,
122 Turner High Circle, Suite 111, Carthage, TN 37030
